The story in detail is as follows: After finding him on a drunken revelry with another woman, Laura divorces her husband and later marries a hard working man, Paul Ramsey, employed by a reprobate, Dick Turner. One day, just before he leaves town on business, Paul hears a clerk pass a slighting remark about his wife and Turner. He sets a detective to protect his wife while he is away. WHAT'S WHAT

AIN'T IT A FACT
About half the people in the world go
stumbling along, fretting and worrying over
troubles, which, with a little figuring can
easily be avoided. The biggest source of
worry to an automobile owner is that of tires.
Now comes the Tonopah Machinery Com-
pany with a plan to wipe out all this unnece-
sary grief for you by simply furnishing you
with Brunswick tires under the positive as-
surance that every tire purchased from us
will make you satisfied.
Think it over. Isn't it great to even con-
template that somebody is going to make you
the judge of what your tires should do for
you. We've heard that we're going broke
trying to make this statement good. All you
need to know is that the Brunswick-Balle-
Collier Co. has followed this policy for 77
years and they have built up one of the
greatest institutions in the world, and they
are behind this guarantee.
Come in and look us over— We'll satisfy
you.
